

DealerWare LLC

Profits Made. Problems Solved.

Founded in 1997 DealerWare, LLC is a custom provider of automotive dealership software. The company has offices in Marion, Illinois and Austin, Texas. DealerWare LLC markets the following products: F&I Menu Wizard® Product Suite (Patent Pending), One-Click™ integration with ADP, Reynolds and Reynolds, EDS and Arkona, R.O.A.D.S™ (Real-Time Online Accountability Database System), and DealCam™, an F&I transaction recording and archival system.

DealerWare supports many Private Label versions of its software under such labels as MenuTrack™, MenuXtra™ and Spectrum Menu™ with many leading providers such as Protective Life Insurance Co., EFG Companies, and Prizm Solutions.

DealerWare LLC enjoys relationships with high profile dealership clients, including Asbury Automotive, Group 1, Bergstrom Automotive, Wolfe Automotive Group, Burt Automotive, and Earnhardt Automotive Group.

On January 31, 2006, DealerWare LLC announced that its F&I Menu Wizard® Product Suite (Patent pending) has been selected by American Honda Finance Corporation as the recommended software vendor for implementation. American Honda Finance Corporation cited DealerWare's industry-wide presence, its intuitive, user-friendly software design and its superior customer support as Honda's primary considerations in choosing F&I Menu Wizard® for use by its dealers.
